

Erratum to “*Lactococcus lactis* subsp. *cremoris* H61 improved iron status in male distance runners” [Int J Anal BioSci 10(2): 33-41, 2022]

Yoshio Suzuki, Mizuki Takaragawa, Taisei Miyahara, Keishoku Sakuraba, Shunsuke Nagato, Nozomi Matsumoto, Yohei Misawa, Shintaro Minami, and Katsuya Morio

We regret that due to the production error columns indicating p values and asterisks did not appear in Table 2. The correct Table 2 is as below,

In addition, a period was missing at the end of a sentence in “Test supplement” of Materials and Methods section.

A period should be placed after “sucrose fatty acid ester” in the third line from the end.

We apologize for any inconvenience caused.
